

TOOLBOX TALK 13 – Tools, Equipment & Machinery

Key Points

- Inspect tools and machinery.
 - Keep guards in place.
 - Use tools as designed.
-

Scenario

Scenario:

A guard is missing on a grinder, but the worker says “I’ll be careful.”

Ask:

“What should you do?”

Engagement Questions

- “What tool failures have you seen on the job?”
- “Who do you report damaged equipment to?”
